The Mystic Arts of Erasing All Signs of Death is as darkly funny as it is graceful, not necessarily what you'd expect given that it's a novel about a guy whose livelihood involves mopping up blood and bone fragments...If one tends to find humor in unlikely places, Huston has created a work that is sly, twisted and surprising-one well worth the investment of time."

The Mystic Arts of Erasing All Signs of Death has all the makings of a perfect Charlie Huston novel--the down-but-not-out antihero, the outrageous supporting characters (each of whom deserves their own spin-off), the very bad situation involving money and violence, and the hilariously inappropriate dialogue that is Huston's signature--but with one surprising addition, hope. It does little good to break down the plot of a book this bizarre and brilliant.

The Mystic Arts of Erasing All Signs of Death (Ballantine 2009) is the very strange story of former Los Angeles elementary school teacher Web Goodhue. For reasons that become clear later, we meet Web in his total slacker phase, leeching off his friend Chev, who runs a tattoo parlor, and the occasional donations from his hippie mother, who grows blackberries and marijuana in Oregon.

Huston's latest novel "The Mystic Arts of Erasing All Signs of Death" packs a wallop like a gut-shot and drips more menace than Pavlov's dog does saliva at the sound of tinkling tin. Raw, in-your-face, and unapologetic, the novel's a harrowing journey through a seedy L.A. underworld filled with Hollywood posers, hillbilly smugglers and warring trauma cleaning factions.

Working on a crime-scene clean-up crew, disaffected slacker Web Goodhue meets the daughter of a Malibu suicide victim who enlists his help in getting her brother out of trouble, a task that soon finds him in over his head, the target of some gun-toting L.A. cowboys who are out for blood. Reprint.

With his teaching career derailed by tragedy and his slacker days numbered, Webster Fillmore Goodhue makes an unlikely move and joins Clean Team, charged with tidying up L.A.'s grisly crime scenes. For Web, it's a steady gig, and he soon finds himself sponging a Malibu suicide's brains from a bathroom mirror and flirting with the man's bereaved and beautiful daughter. Then things get weird: The dead man's daughter asks a favor. Every cell in Web's brain tells him to turn her down, but something makes him hit the Harbor Freeway at midnight to help her however he can. Soon enough it's Web who needs the help when gun-toting California cowboys start showing up on his doorstep. What's the deal? Is it something to do with what he cleaned up in that motel room in Carson? Or is it all about the brewing war between rival trauma cleaners? Web doesn't have a clue, but he'll need to get one if he's going to keep from getting his face kicked in. Again. And again. And again.

What LAPD cop Parker Hass wants is a world both safe and just for his wife and infant daughter. But then a plague of insomnia strikes. Drawn into the inner circle of a tech guru with a warped agenda, Park delves deeper into the restless world. His wife has become sleepless, and their daughter may soon share the same fate. For them, he will risk everything. Whatever the cost to himself.

By the author of Caught Stealing and Six Bad Things. Original. 25,000 first printing.

Those stories you hear? The ones about things that only come out at night? Things that feed on blood, feed on us? Got news for you: they're true. Only it's not like the movies or old man Stoker's storybook. It's worse. Especially if you happen to be one of them. Just ask Joe Pitt. There's a shambler on the loose. Some fool who got himself infected with a flesh-eating bacteria is lurching around, trying to munch on folks' brains. Joe hates shamblers, but he's still the one who has to deal with them. That's just the kind of life he has. Except afterlife might be better word. From the Battery to the Bronx, and from river to river, Manhattan is crawling with Vampyres. Joe is one of them, and he's not happy about it. Yeah, he gets to be stronger and faster than you, and he's tough as nails and hard to kill. But spending his nights trying to score a pint of blood to feed the Vyrus that's eating at him isn't his idea of a good time. And Joe doesn't make it any easier on himself. Going his own way, refusing to ally with the Clans that run the undead underside of Manhattan-it ain't easy. It's worse once he gets mixed up with the Coalition-the city's most powerful Clan-and finds himself searching for a poor little rich girl who's gone missing in Alphabet City. Now the Coalition and the girl's high-society parents are breathing down his neck, anarchist Vampyres are pushing him around, and a crazy Vampyre cult is stalking him. No time to complain, though. Got to find that girl and kill that shambler before the whip comes down . . . and before the sun comes up.

Tending bar after a sports injury ends his baseball career, alcoholic Hank Thompson is beaten up by thugs while cat-sitting for a neighbor and discovers a hidden key to a locker stuffed with millions of dollars, a situation for which his innocence comes into question by the NYPD. A first novel. Reprint.

20,000 first printing.

Nobody lives forever. Not even a Vampyre. Just ask Joe Pitt. After exposing the secret source of blood for half of Manhattan's Vampyres, he's definitely a dead man walking. He's been a punching bag and a bullet magnet for every Vampyre Clan in Manhattan, Brooklyn, and the Bronx, not to mention a private eye, an enforcer, an exile, and a vigilante, but now he's just a target with legs. For a year he's sloshed around the subway tunnels and sewers, tapping the veins of the lost, while above ground a Vampyre civil war threatens to drag the Clans into the sunlight once and for all. What's it gonna take to dig him up? Just the search for a missing girl who's carrying a baby that just might be the destiny of Vampyre-kind. Not that Joe cares all that much about destiny and such. What he cares about is that his ex-girl Evie wants him to take the gig. What's the risk? Another turn playing pigeon in a shooting gallery. What's the reward? Maybe one shot of his own. What's he aiming for? Nothing much. Just all the evil at the heart of his world.

"[Charlie Huston's] action scenes are unparalleled in crime fiction and his dialogue is so hip and dead-on that Elmore Leonard should be getting nervous." -Publishers Weekly (starred review), on *Half the Blood of Brooklyn* It's like this: a series of bullet-riddled bad breaks has seen rogue Vampyre and terminal tough guy Joe Pitt go from PI for hire to Clan-connected enforcer to dead man walking in a New York minute. And after burning all his bridges, the only one left to cross leads to the Bronx, where Joe's brass knuckles and straight razor can't keep him from running afoul of a sadistic old bloodsucker with a bad bark and a worse bite. Even if every Clan in Manhattan is hollering for Joe's head on a stick, it's got to be better than trying to survive in the outer-borough wilderness. So it's a no-brainer when Clan boss Dexter Predo comes looking to make a deal. All Joe has to do to win back breathing privileges on his old turf is infiltrate an upstart Clan whose plan to cure the Vyrus could expose the secret Vampyre world to mortal eyes and set off a panic-driven massacre. Not cool. But Joe's all over it. To save the Undead future, he just has to wade neck-deep through all the archenemies, former friends, and assorted heavy hitters he's crossed in the past. No sweat? Maybe not, but definitely more blood than he's ever seen or hungered for. And maybe even some tears-over the horror and heartbreaking truth about the evil men do no matter who or what they are. Praise for Charlie Huston and his Joe Pitt novels "In conceiving his world (a New York City divided by vampire clans, each with different reasons to hate Pitt), Huston gives a fading genre a fresh afterlife. [Grade:] A." -Entertainment Weekly "[Huston] creates a world that is at once supernatural and totally familiar, imaginative, and utterly convincing." -The Philadelphia Inquirer

Skinner founded his career in "asset protection" on fear. To touch anyone under his protection was to invite destruction. A savagely effective methodology, until Skinner's CIA handlers began to fear him as much as his enemies did and banished him to the hinterlands of the intelligence community. Now, an ornate and evolving cyber-terrorist attack is about to end that long exile. His asset is Jae, a roboticist with a gift for seeing the underlying systems violently shaping a new era of global guerrilla warfare. At the root of it all is a young boy, the innocent seed of a plot grown in the slums of Mumbai. Brought to flower, that plot will tip the balance of world power in a perilous new direction. A combination of Le Carre spycraft with Stephenson techno-philosophy from the novelist hailed by the Washington Post as "the voice of twenty-first century crime fiction," Skinner is Charlie Huston's masterpiece -- a new kind of thriller for a new kind of world.

Hank Thompson is living off the map in Mexico with a bagful of cash that the Russian mafia wants back and many, many secrets. So when a Russian backpacker shows up in town asking questions, Hank tries to play it cool. But he knows the jig is up when the backpacker mentions the money . . . and the family Hank left behind. Suddenly Hank's in a desperate race to get to his parents in California before anyone can harm them. Along the way he'll face Federales and Border Patrol, mafiosi and vigilantes, extortionists and drug dealers, and a couple of psychotic surf bums with an ax to grind. From the golden beaches of the Yucatán to the seedy strip clubs of Vegas, Charlie Huston opens a door to the squalid underworld of crime and corruption-and invites the reader to live it in the extreme.
