The "Gamecaller"- a unique name for a unique occupation given by a unique character himself. M.D. Pettie was the gamecaller, "calling games" for a group of dropout professionals who roamed the world playing a series of consciousness-expanding games... Zen master... cult leader...a CIA operative... con man... saint... [and] storyteller. He never claimed to be anything more than a student and a bemused observer of human folly... This is the personal story of some of the games that he invented, told by one of his players.
